

International Services - Stony Brook University

Application to Volunteer as a 'Student Ambassador' for International Student Orientation

The New International Student Orientation is an essential program designed to welcome and guide international students into our campus community. Volunteers make this experience more enjoyable by helping international students make the transition into a new culture. We will need **volunteers to be available the week before** for final preparations and to conduct the orientation between January 15 and 22. All volunteers need to attend a training session at the International Services office on January 15. Prospective applicants will be asked to attend a brief interview. Those chosen as Student Ambassadors will be eligible to receive on-campus housing. Please complete the information below and e-mail (see below)

Stony Brook ID #: _____ Major: _____ Graduate Undergrad

Last Name: _____

First Name: _____

E-mail: _____

Phone Number: _____
